DATE: January 29, 2001

TO: Chris Chronis, Chief Financial Officer

FROM: Philip Ross, Management Analyst

SUBJECT: December 2000 Monthly Report

The attached Monthly Report of Financial Condition analyzes the financial condition of Sedgwick County based on un-audited data for the year ending December 31, 2000. This report shows Sedgwick County ended the year maintaining its strong financial position. Revenues were above budget, and although expenditures grew at a faster rate than in the past they remain within budgeted parameters.

Local Retail Sales Tax collections ended the fiscal year below the two previous years collections. This month's collection of \$1,674,864 brings the year-to-date total to \$21,501,228, which is \$764,604 less than received in 1999 and \$1,272,461 less than received in 1998.

Conversely, Motor Vehicle Tax collection was the strongest in several years. For Fiscal Year 2000, the County collected \$14,245,468, which is \$4,440,785 above budget and \$3,422,932 more than received last year. This additional revenue offset any impact to the County's financial positions caused by reduced sales tax collections.

Additionally, as you will see, the budget for the Employee Benefit fund listed as a County Special Revenue Fund was adjusted as part of a pre-audit strategy to close this fund this year instead of during 2001. Originally, as part of the County's strategy to move employee benefit expenditures into operating budgets, this fund was scheduled to close during 2001. However, instead of waiting until next year, the budget amount for this fund was increased to match the fund's expenditures, creating a zero balance, thus allowing the fund to close this year.

Other highlights of the report include:

- Total Revenue through December is \$186,662,730, which is 3.98% above 1999's level;
- Total Commitments are \$187,708,306, which is 8.21% above last year;
- December's fund balance for Total Budgeted Funds is \$29,262,005, or 15.02% of budgeted expenditures.

If you have questions regarding the information contained in this report, please feel free to contact me or Renfeng Ma, Budget Director.

SEDGWICK COUNTY, KANSAS DECEMBER 2000 REPORT OF FINANCIAL CONDITION

This report analyzes the financial condition of Sedgwick County for the year 2000 based on financial activity that occurred in the previous twelve months. It should be noted, however, the information contained in this report is based on un-audited data, and excludes adjustments required by the County's auditors.

SECTION 1: CUMMULATIVE REVENUES AND COMMITMENTS

Revenues

Figure 1 illustrates that this year's collection of \$186,662,730 is above the amounts collected in 1999 and 1998. Specifically, this amount is \$14,592,814 more than last year's amount and \$14,970,604 more than 1998's amount. Also, this year's total represents 105.4% of the total budgeted revenues for the year, which is more than last year's total of 105.2% of budgeted revenues.

Schedule 1, which appears following this narrative, illustrates the differences between budget and the amount of revenues collected

Figure 1: Total Revenues for County Budgeted Funds (in millions) \$186.663 2000 \$177.074 \$172.070 1999 \$163.637 \$171.753 1998 \$159.159 \$0 \$50 \$100 \$150 Budget Actual

from taxes and non-tax sources for the year.

For fiscal year 2000, tax revenues are \$117,086,110, which is 3.98% more than collected last year. This revenue category is lead by Ad Valorem receipts, which have exceeded budget projections for the third year in a row. This year's total of \$71,966,070 is \$1,029,025 more than last year, and 101.5% of budget.

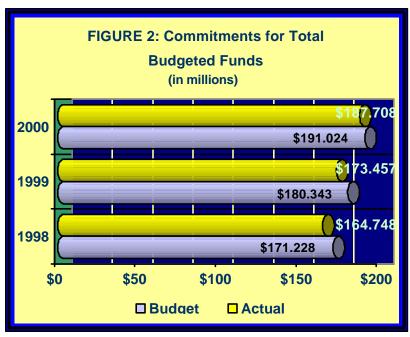

For the second year in a row, annual **Local Retail Sales Tax** revenues were less than last year's amount, as 2000's total of \$21,501,228 is \$764,604 less than last year and \$1,272,461 less than 1998. Since 1998, sales tax receipts have declined by 5.59%.

However, **Motor Vehicle Tax** receipts have increased 22% since 1998, which reduced the impact of falling sales tax receipts to the County's financial position. Indeed, Motor Vehicle Tax receipts for 2000 totaled \$14,245,468, which is \$4,440,785 more than budgeted.

Additionally, Non-tax Revenue further strengthened the County's financial position as it finished year with strong collections. Overall, the total Non-Tax Revenue collected through December is \$69,576,619, which is an increase of \$10,101,844 over last year's collection of \$59,474,775. All categories within non-tax revenue, except Reimbursements, ended the year above budget.

The largest category within Reimbursements, Administrative Reimbursements, witnessed a 38% decline in revenue from last year, causing the entire category to be below budget. Administrative Reimbursement is the mechanism used to capture indirect costs for funds outside the County's General Fund. This year's decline reflects a change in policy that projects the budgeted amount from administrative reimbursements based on collecting indirect costs from all County funds, including grant funds. However, in 2000, such reimbursements were neither budgeted, nor collected from grant funds. This is the final year that such funds will be allowed to forgo this reimbursement. In 2001, all funds will be required to include these costs in their budgets.

Commitments

The fiscal year ended with commitments representing an 8.21% increase over last year's level. This is a significant increase from the 5.28% growth from 1998 to 1999.

Figure 2 illustrates total commitments through December are \$187,708,646, a \$14,251,660 increase from 1999 and a \$22,959,966 increase from 1998.

The largest contributor to this year's increase was Personnel. This year's total expenditure of \$82,991,671 in this category is

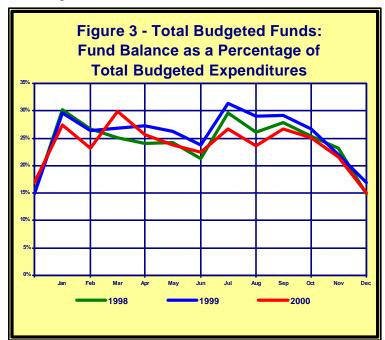

an 8.2% increase over 1999's total, and represents a 14.1% increase since 1998. This increase reflects the impact of hiring additional employees for such activities as the Adult Detention Facility.

Contractual Services and Commodities also increased over last year's amounts, but neither increase exceeds 3%, indicating only modest growth.

Capital Improvements actually fell 31.96% from 1999 to 2000 as the number of projects initiated was less than in previous years.

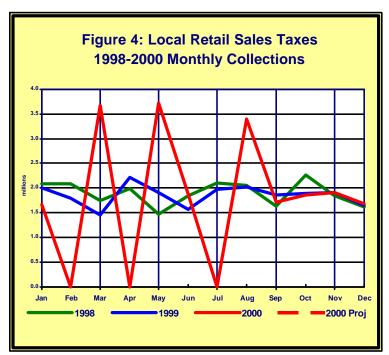

SECTION 2: FUND BALANCE

As illustrated in Figure 3, December's fund balance for Total Budgeted Funds is slightly below historical levels with a total balance of \$29,262,005, which is 15.02% of budgeted expenditures. This amount is \$1,033,031 less than last year's fund balance, as the County continues to reduce its fund

balance slowly over the next few years.

As Schedule 2 shows, the total balance amount includes a general fund balance of \$14,290,639 and a special revenue fund balance of \$7,035,944, with the remainder of the balance coming

receipts collected represent 105.2% of budgeted revenues.

from the County's Bond & Interest Fund, the Kansas Coliseum, and Fleet Management funds.

SECTION 3: REVENUE HIGHLIGHTS

Schedule 3 lists total revenues collected by fund for the year and previous two years.

For fiscal year 2000, revenue into **Total Budgeted Funds** totals \$186,662,730, which is \$14,592,814 more than last year, and \$14,970,604 more than 1998.

As a percentage of budget, total

General Fund revenues to date are \$116,678,695, which is \$15,031,147 more than last year, and

\$8,827,916 more than 1998 revenues. As a percentage of budget, revenues are above historical levels, as the total amount received through December represents 104.4% of budget, versus 104.0% in 1999 and 103.2% in 1998.

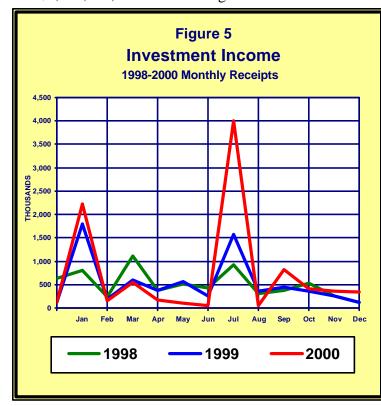

The total amount of revenue coming into **Special Revenue Funds**, however, is \$2,658,286 less than last year, but \$536,927 more than in 1998.

December's **Local Retail Sales Tax** distribution of \$1,674,864 is \$19,808 more than received in December of last year. This year's total of \$21,501,228 is \$764,604 less than

| | Table 1 | |
|-------|----------------|---------------|
| Local | Sales Tax Coll | lections (\$) |
| Month | 1999 Actual | 2000 Actual |

| Oct. | 1,898,417 | 1,867,708 |
| Nov. | 1,912,603 | 1,906,527 |
| Dec. | 1,655,058 | 1,674,864 |
| Total | \$22,265,831 | \$21,501,228 |

last year and \$1,272,461 less than received during 1998. Moreover, the amount collected this year represents a \$2,554,772 decrease from this year's budgeted amount.

Investment Receipts finished the fiscal year well ahead of budget. Total collections for the year are \$9,218,313, or 131% of budget.

Revenue in the **Community College Tuition** fund totaled \$2,125,086.
This amount represents 124.2% of budgeted revenue. The additional revenue is due to \$315,091 of refunds for overpayments made to community colleges throughout Kansas where they overestimated the credit hours taken by Sedgwick County residents.

COMCARE collected \$66,453 in patient fees and other revenue in December. This amount brings COMCARE's total year-to-date user fee revenue to \$1,161,706 or 90.9% of their budgeted revenues. This amount is 2.08% more than collected at this point last year.

The **Kansas Coliseum** collected \$393,426 in user fees and concession charges during December. This amount brings their year-to-date user fee revenue total to \$2,850,927, or 86.8% of budgeted revenue for the year. This amount is 4.10% less than last year.

Emergency Medical Services collected \$487,024 in December in patient fees and payments from third parties, such as Medicare and insurance companies. This amount brings the total revenue collected from user fees to \$5,999,524, which is 100.9% of budgeted revenue. This amount is 6.40% more than collected last year.

SECTION 4: COMMITMENT HIGHLIGHTS

Overall, commitments for **Total County Budgeted Funds** for fiscal year 2000 are \$187,708,306, or 96.6% of budget, as seen in Schedule 4. This amount is 8.21% more than last year, and as a percentage of budget, commitments are more than in 1999, as commitments through December 1999 represented 96.2% of budget.

General Fund commitments through December total \$115,183,099, which is \$8,786,575 more than last year. However, the percentage of commitments is slightly less than last year, as this year the amount committed represents 96.5% of budgeted commitments, versus 97.3% last year.

As Schedule 4 shows, **Special Revenue Funds** committed a greater percentage of budgeted resources than last year, and a greater amount of resources. Fiscal Year 2000 commitments for Special Revenue Funds total \$47,685,403, which is \$3,694,117 more than in 1999. This amount represents 96.3% of total budgeted commitments, which is slightly more than last year's level of 92.3 % of budget.

Schedule 4A shows each fund's 2000 budget, year-end commitments, the amount over or under budget at year-end, and the percentage of budget expended. For Fiscal Year 2000, the County's Total Budgeted Funds ended the year \$6,697,867 below budget. The General Fund ended the year \$4,126,620 below budget, and Special Revenue Funds ended the year \$1,837,234 below budget.

One change from prior year's practice is the increased budgeted amount for employee benefits. Fiscal Year 2000 is the first year that employee benefits were included in the County's operating budget. In the past, these expenditures were managed as a separate Special Revenue Fund. By placing this item in the operating budget, the County may close out the special revenue fund, which was schedule to occur in 2001. However, as a pre-audit adjustment, the County increased the Fiscal Year 2000 budgeted amount in the special revenue fund to equal expenditures, thus allowing this fund to be closed out one year earlier than scheduled.

SECTION 5: GRANT HIGHLIGHTS

Schedule 5 provides detailed information for Sedgwick County's grant funds among all departments, and the Auto License fund. Grant funds ended fiscal year 2000 with a total balance

of \$13,477,731. While this amount is large, it is important to remember that many of these grants are managed on a state fiscal year basis, July 1 to June 30, and the balance ending in December represents half of the fiscal year. For many of these funds, the grantor (i.e., State of Kansas) awards the County the full grant amount in July, and the County charges expenditures against this balance for the remainder of the state fiscal year. As a result, the balance reported this month will be reduced through the first six months of 2001 as the state fiscal year closes.

Grant activities for the Human Services Division comprise the largest portion of this total, as Aging, COMCARE, and Community Corrections' grant fund balance totals \$12,459,429, with COMCARE's grants consuming \$10,973,862 of that total.

Grants awarded to the District Attorney's Office comprise the second largest portion of the total, as their funds ended the year with \$219,434, which includes a \$115,827 balance in the Attorney Training Fund.

The Auto License fund ended the year with a balance of \$26,620. This is a strong end to a year that began with a negative fund balance. By state law, any funds remaining in the Auto License fund are transferred to the County's General Fund.
